

Student Feedback

Lydiaea Hull - December 2015

"I started Juniper after quitting college, I heard from a close friend how Juniper could help me with my qualifications and getting a job. My confidence is a lot better when speaking to people, I've had help with how to present myself in interviews. I have also gained my Functional Skill English level 2 qualification. At the moment I am preparing for my GCSE Maths and English exams, which I've had a great deal of help from the staff. At present I'm on a work placement in retail. I aim to achieve my GCSE in Maths and English and to have level 3 apprenticeship in Childcare".
